

Re: Important Price Notification – Effective 1st January 2022

Over the last year we have experienced a variety of factors which have had a significant impact on costs; raw materials, labour costs, transportation and fuel costs.

We have done our best to manage and absorb these but with costs forecast to continue to rise we see no alternative other than to increase our sales prices.

Effective 1st January 2022 our prices will increase by between 5-7%. A few parts will have a slightly higher price increase.

This has not been a decision that we have taken lightly, and we have tried to avoid this for as long as possible.

We appreciate your understanding and continued support as we all work together through these unprecedented circumstances.

Kind regards

Lewis Sutton
Sales Manager
